PERSONAL SUMMARY

Full Stack Developer and IT Professional with experience building responsive web applications, developing backend systems, and supporting enterprise IT environments. Skilled in modern web technologies including React.js, PHP, Django, RESTful APIs, and database integration. Possesses hands-on experience in cloud security, system administration, technical support, and infrastructure maintenance. Familiar with DevOps practices, cloud platforms, CI/CD concepts, and application deployment. Leverages modern AI-powered development tools to accelerate problem-solving, streamline debugging, improve code quality, and enhance development efficiency while maintaining strong engineering and security best practices.

EXPERIENCE

Freelance Web Developer - December 2023 – Currently

- Developed and maintained full-stack web applications using modern frontend and backend technologies.
- Built responsive user interfaces with React.js, HTML, CSS, and Bootstrap.
- Developed backend services, APIs, authentication systems, and database-driven applications using PHP and Django.
- Integrated third-party APIs and implemented secure user authentication and authorization mechanisms.
- Deployed and maintained web applications on cloud-hosted environments.
- Applied basic cloud security best practices, including access control, HTTPS implementation, and secure credential management.
- Utilized Git and GitHub for version control, collaboration, and project management.
- Diagnosed and resolved application bugs, performance bottlenecks, and security vulnerabilities.
- Provided ongoing technical support and maintenance for deployed applications.

IT Support - September 2022 – December 2023

Mapsight Services Limited

- Diagnosed and resolved complex hardware, software, and network issues, ensuring minimal downtime and improved user experience.
- Configured, maintained, and troubleshoot IT systems, proactively identifying and resolving potential failures.
- Performed routine system administration: user account provisioning, password resets, and access updates, achieving 100% compliance with internal IT policies thus gaining Active Directory exposure.
- Documented recurring technical issues and solutions, improving response time and support efficiency.

Industrial Attachment - June 2022 – September 2022

Gusii Water and Sanitation Company

- Assisted in technical support and maintenance of computer systems and networks.
- Supported software implementation and maintenance, assisted in maintaining the company's IT infrastructure, ensuring system uptime improved.
- Troubleshoot and resolved technical issues to ensure smooth IT operations.

EDUCATION

2023

Bachelor of Science in Computer Science

Kisii University

SKILLS

Technical Skills & Competencies

- Full Stack Web Development (React.js, PHP, Django, HTML5, CSS3, JavaScript, Bootstrap)
- RESTful APIs, Authentication & Authorization
- Database Design, Integration & Management
- Git, GitHub & Version Control
- Cloud Platforms (Microsoft Azure, AWS & GCP Basics)
- Cloud Security, Identity & Access Management (IAM), Security Monitoring
- DevOps Fundamentals, CI/CD Concepts, Docker, Azure Container Registry (ACR), Azure Kubernetes Service (AKS)
- IT Support, System Administration & Technical Troubleshooting
- Windows Administration, Active Directory (Basic), Microsoft 365 Administration
- Networking (TCP/IP, DNS, DHCP, VPN, LAN/WLAN)
- Cybersecurity Fundamentals, Endpoint Protection & Vulnerability Awareness
- AI-Assisted Development, Debugging, Technical Research & Workflow Optimization
- Graphic Design (Adobe Photoshop, Illustrator, InDesign, After Effects)
- Search Engine Optimization (SEO)

Soft Skills

- Strong problem-solving and analytical thinking
- Effective communication and active listening
- Customer service and client support
- Teamwork and cross-functional collaboration
- Self motivated
- Adaptability and continuous learning
- Time management and multitasking
- Attention to detail and accuracy
- Critical thinking and decision-making

CERTIFICATION

Oct 2025 – Nov 2025	EC-Council Essentials: Ethical Hacking Essentials (EHE) • Cyber Shujaa
April 2025 – June 2025	Microsoft ADC Cloud Security Specialist • Cyber Shujaa & Microsoft ADC
May 2025 – May 2025	The Cyber Security Threat Landscape • LinkedIn Learning. (View Certificate)
April 2025 – May 2025	Microsoft Certified: Security, Compliance, and Identity Fundamentals • Microsoft. (View Certificate)
Sep 2025 - Sep 2025	SEO Certified • Hubspot Academy (View Certificate)
Nov 2025 - Dec 2025	Full stack Web Development • eMobilis Technology Institute (Completed, Awaiting certification)
May 2026 - July 2026	Artificial Intelligence Training • The ICT Authority, Kenya in collaboration with Pathways Technologies

PROJECTS & PRACTICAL LABS

- **Charity Awoke Foundation Website:** Developed and deployed a responsive NGO website using HTML, CSS, JavaScript, and PHP. <https://charityawokefoundation.org/>
- **CIIA Website:** Developed and deployed a responsive insurance agency website using HTML, CSS, JavaScript, Bootstrap, and integrated Web3 forms. <https://ciia.co.ke/>
