PERSONAL SUMMARY

Creative Designer and IT professional with 3+ years of hands-on experience creating brand identities, marketing materials, digital content and visual campaigns for businesses, organizations, artists and events. Proficient in Adobe Photoshop, Illustrator, InDesign, After Effects and Premiere Pro, with experience in social media design, branding, video content and web design. Skilled in using AI-powered creative tools to explore concepts, enhance visuals and accelerate production while maintaining strong design standards and brand consistency. Detail-oriented, adaptable and comfortable managing multiple projects from concept to final delivery.

EXPERIENCE

Freelance Graphic designer & Web Developer - December 2023 – Present

- Create posters, flyers, social media graphics, digital advertisements, and branded marketing materials tailored to client objectives and target audiences.
- Develop creative concepts, brand assets, and visual campaigns, maintaining consistency across print, digital, social media, and web platforms.
- Use Adobe Creative Suite and AI-assisted tools for design development, image enhancement, creative exploration, and efficient content production.
- Manage projects from brief and concept development through revisions and final delivery, collaborating with clients while handling multiple deadlines.

IT Support (Part-time) - September 2022 – December 2023

Mapsight Services Limited

- Diagnosed and resolved complex hardware, software, and network issues, ensuring minimal downtime and improved user experience.
- Configured, maintained, and troubleshoot IT systems, proactively identifying and resolving potential failures.
- Performed routine system administration: user account provisioning, password resets, and access updates, achieving 100% compliance with internal IT policies thus gaining Active Directory exposure.
- Documented recurring technical issues and solutions, improving response time and support efficiency.

Industrial Attachment - June 2022 – September 2022

Gusii Water and Sanitation Company

- Assisted in technical support and maintenance of computer systems and networks.
- Supported software implementation and maintenance, assisted in maintaining the company's IT infrastructure, ensuring system uptime improved.
- Troubleshoot and resolved technical issues to ensure smooth IT operations.

EDUCATION

2023 **Bachelor of Science in Computer Science**
Kisii University

SKILLS

Technical Skills & Competencies

- **Graphic Design & Branding:** Strong command of Adobe Photoshop, Illustrator, InDesign, After Effects and Premiere Pro, with hands-on experience transforming ideas into polished brand identities, social media creatives, posters, flyers, brochures, presentations, signage and promotional materials.
- **Digital Content & Marketing:** Create visually engaging content for social media, websites, digital campaigns and advertising, combining strong visual storytelling, image retouching, layout design and SEO principles to deliver content that captures attention and communicates clearly.
- **AI-Powered Creativity:** Leverage AI-powered creative tools and generative AI to explore concepts, accelerate production, enhance imagery and experiment with new approaches to visual storytelling while maintaining professional design standards and brand consistency.
- **Creative & Technical Edge:** Combine creative design expertise with web development and digital technology, enabling effective collaboration with marketing and development teams while ensuring visual consistency across print, digital and responsive web platforms.

Soft Skills

- Strong problem-solving and analytical thinking
- Effective communication and active listening
- Customer service and client support
- Teamwork and cross-functional collaboration
- Self motivated
